

We are pleased to advise that our courts are open.

**Please comply with Government and LTA guidance at all times.** These may change.

A few key points:-

- We are using the Clubspark booking system and currently each registered member may make two bookings in any 7 days. Sessions have been changed to half hourly for more flexibility. Please do not turn up without a court booking.
- You may book a court through the Clubspark booking system. All players may play singles or doubles with others from another household.
- Arrive no more than 5 mins before your booking time and leave the court promptly at the end of your session.
- Bring your own equipment, tennis balls, water and hand sanitiser. Do not pick up balls that are not on your court – use a racquet or your foot to pass. Do not touch the nets. Remember to collect your belongings before leaving the court.
- Take care when arriving/ leaving courts.
- Please keep 2m distance at all times and do not loiter in the grounds when you have finished. A long chat with everyone else is not in the spirit of the instructions and we do not want group gatherings.
- Please help other members by cancelling your booking, if it is not required.

#### **Additional information**

Book your court using the Clubspark Booker app or you can view in 'profile' through your Clubspark log in. Only paid up members can view the court booking system. If you need assistance, please email.

No spectators are allowed. Only one responsible adult may accompany a child and we recommend those under 12 years old should be accompanied.

You will need to use your own keyfob as there are no access codes.
